

THE RUSSO REPORT

The Intersection of Technology & Estate Planning

We are intertwined with technology in ways that were unimaginable just a few decades ago. From online banking to social media accounts, digital assets have become a significant part of our personal and financial lives. Consequently, estate planning must evolve to address these new realities.

Do you have a **digital estate plan**? This ensures that your digital legacy is protected, and your wishes are honored.

HOW TO TO PROTECT*

YOUR DIGITAL ASSETS

In today's world, our lives are entwined with digital assets, from social media accounts and online banking to cherished family photos stored in the cloud. *But have you considered what happens to these digital possessions should something happen to you?*

This month, we will guide you through:

- Understanding what constitutes a digital asset
- The importance of including digital assets in your estate plan
- Steps to ensure your digital legacy is accessible to your loved ones
- Legal frameworks and tools available for digital estate planning

We will also answer any questions you have regarding estate planning, elder law, and special needs planning.
